

Internship offer

Ruby on Rails Engineer (student internship)

Lorena Jakić

Dear Lorena,

We're pleased to offer you the student internship position of Ruby on Rails Engineer at Infinum. You will find the internship details in this document.

We would be thrilled to welcome you on our team.

Please let us know your decision **by Monday, July 14th.**

Sincerely,

Nikola Kapraljević, CEO

A handwritten signature in black ink, appearing to read 'Nikola Kapraljević', with a stylized flourish at the end.

Compensation

DESCRIPTION	AMOUNT
Hourly net salary	7,00 €

Internship details

- Infinum is offering a **student contract for the duration of student internship**
- Planned duration of the internship is 1-2 months and may depend on your performance as well as on the projects at hand
- If we are both satisfied and our project needs don't change in the meantime, there is a possibility of continuing our collaboration
- Starting date - **Monday, July 21st, 2025**
- Previous month's **compensation paid out** by the 15th day of the month

Working hours and setup

Flexibility is our priority.

Working hours

The planned internship work week is 30 hours. Workday starts between 7 and 10 am. You get days off during exams.

Office-based or remote

We expect you to work in the office for at least 3 days of the week in agreement with your mentor. The rest of the week, you can work remotely.

Equipment and onboarding

Pick your tools for doing your best during the internship.

Macbook

Every intern gets a MacBook.

Display

A display to use at the office.

Tailored onboarding process

Our tried and tested process will have you up to speed in no time.

See you soon?

We are glad that you recognised this opportunity for you to learn and grow with us. We hope we managed to clarify everything during the process and provide insight into our way of working.

If you have any questions about this internship offer or there's something else you're curious about, don't hesitate to contact us.
